[DISPATCHES TO THE OREGONIAN.]

DATES TO JULY 2.

Congressional.

WASHINGTON, July 2.—In the Senate Frelinghuysen reported a joint resolution authorizing the Secretary of the Navy to receive for instruction at the Naval Academy not exceeding six persons appointed by the Government of Japan, provided no expense to the United States is incurred.

Edmunds introduced a bill to fix the time of the next meeting of Congress for the third Monday in November.

Howard presented the credentials of T. S. Welch, the new Senator from Florida, who was sworn in.

Conness called up the bill relating to the Western Pacific Railroad grants and the use of so much land on Yerba Buena Island, in the harbor of San Francisco, as is not required for military purposes. After a number of amendments, the bill passed by 28 to 8.

An evening session is provided for the consideration of private bills.

In the House Hooper, from the Committee on Ways and Means, reported a bill to collect ten per cent. on U. S. bonds, by making the six per cent. interest five and two fourth tenths, five per cent. interest four and five tenths, and three per cent. interest two and seven-tenths. The report declares that the committee does not approve the bill, and only report in obedience to an order of the House. Referred to Committee of the Whole.

Stevens, from the Reconstruction Committee, reported a bill to provide for the erection of not more than two States out of Texas. Ordered printed and recommitted.

A bill was reported yesterday from the Committee on Private Land Claims, to restore to certain parties their rights under the laws and treaties of the United States.

Stone, who had charge of the bill, accepted an amendment suggested by Johnson, saving the rights of settlers under the pre-emption or homestead laws. After considerable discussion, the bill was passed.

The Senate's amendments to a large number of pension bills were non concurred in and referred to a committee of conference.

Banks gave notice that on Tuesday next he would move to go into Committee of the Whole on the Alaska bill. This postpones the bill till that day.

The House then went into Committee of the Whole and took up the Senate amendments to the Legislative, Executive and Judicial appropriation bills. Blaine addressed the committee on the financial condition of the country. Washburne of Illinois stated that the Senate had 227 amendments, and the committee recommended concurrence in fifty and non concurrence in the remainder. The committee proceeded to vote on the amendments one by one.

Speculations About the D[illegible] C[illegible].

NEW YORK, July 2.—The New York *Times* says Chase, as matters now stand, will not receive the vote of the New York delegation. He may be nominated, but it is impossible to find a Democrat who believes he will even be admitted in the Convention. It is stated that a letter has been received from Judge Chase, in which he announces his determination to support the nominee of the Convention, whoever he may be. To-day appearances indicate that Pendleton will have the most positive strength, but not sufficient to insure his nomination. There is no probability of the repeal of the two-thirds rule.

Government aid for a Mining [illegible].

CHICAGO, July 2.—A *Tribune* special says the House Committee on mines has unanimously reported in favor of the Sutro Tunnel job, and recommend Government aid to the amount of five millions, at the rate of $150 per foot. They would secure the Government by taking a mortgage on the tunnel and taking the entire revenue in payment, after the tunnel has reached the Comstock lode. This bill is not likely to get through.

LETTER FROM WASHINGTON CITY.

[FROM OUR REGULAR CORRESPONDENT.]

WASHINGTON, Saturday, June 13, 1868.

CONGRESSIONAL MATTERS.

Last Monday Senator Williams offered a joint resolution, which was referred to a committee, to abolish the office of Director of the Bureau of Statistics, and to authorize the special commissioner of revenue to act as Superintendent of the Bureau of Statistics in the office of the Secretary of the Treasury. The same day Senator Corbett introduced a bill, which was referred to the Committee on Commerce, to authorize the establishment of ports of delivery on the Pacific coast.

The bill to admit Arkansas, having passed both branches of Congress, was signed by the President of the Senate on Monday. Johnson will either veto it or allow it to become a law without his signature by the ten days rule.

Late on Wednesday night the Senate passed the bill to admit North Carolina, South Carolina, Louisiana, Georgia, Florida and Alabama to representation in Congress, by a vote of 31 to 6. An amendment to the original bill as it came from the House, was offered by Senator Williams, providing that the officers of each State shall be inaugurated without delay, and adopted by a vote of 23 to 17; and, also, that no person shall be deemed eligible to any office in either of said States, who is not eligible under the 14th Constitutional amendment—adopted by 26 to 15. Yesterday evening this bill was taken up in the House. An amendment was made to strike out Florida. This was voted down—97 to 45. The bill then passed as it came from the Senate—111 yeas to 27 nays, a strict party vote. The bill now goes to the President, to be vetoed, or become a law without his signature, by the ten days rule.

The bill introduced by Mr. Mallory, to pay two companies of Oregon volunteers for services in 1854-5, is still before the Committee on Claims. Also, a bill to pay volunteers for services in 1856. A great many bills have accumulated before the committees during the impeachment trial, which cannot be reported to the House for action before next session, unless the present session is protracted till late in the summer. The Senate has spent most of the present week on the bill to admit the Southern States; and the House has been hard at work on the tax bill, continuing its labors till 10 and 11 o'clock each night.

THE CHINESE EMBASSY.

Last week the House passed a resolution inviting the Chinese Embassy to visit the capitol, and tendering them a public reception in the Hall of Representatives. Accordingly, on Tuesday of this week, at 11 o'clock, a committee of three appointed by the Speaker, consisting of Messrs. Schenck, Banks and Brooks, escorted Mr. Burlingame and his oriental associates from the Speaker's room to the floor of the House, where they were formally received by Speaker Colfax in a brief address of welcome, to which Mr. Burlingame responded. Most of the members of the House and several Senators were then introduced to them by the committee. After an hour spent in hand shaking and witnessing the proceedings of the House, they visited various other parts of the building, and then returned to their hotel, well pleased with the events of the day.

Some of the members were considerably amused at seeing James Brooks, the notorious Copperhead leader, who has made so many speeches in favor of a "white man's government," walking arm in arm with a dark skinned, pig-tailed Chinaman—apparently enjoying the company of Sun Tajen as much as if he belonged to the bright Caucasian race.

Tuesday evening, Mr. Burlingame and the other members of the Embassy took supper at the White House, and on Wednesday they visited Mt. Vernon on the revenue cutter *Northerner*, in company with Secretary McCulloch and other Government officials.

THE ARMY APPROPRIATION BILL.

The Army Appropriation bill which passed both Houses of Congress on the 5th of June, appropriates a little over thirty-nine million dollars for the next fiscal year. MAYOR AND CITY OFFICERS OF WASHINGTON.

On the 1st inst., the [illegible] elected S. J. Bowen Mayor of the city by 85 majority. They also secured a majority of the legally elected members of the Board of A[illegible] and City Council; but, by counting the votes of several hundred regular soldiers who [illegible] a year, and have no right to vote, the [illegible] claim a majority in the Council. Last Monday, when Mayor Bowen went to the Mayor's [illegible] to take possession [illegible] locked, and the former Mayor, whose term of office had expired, refused to give up the key, but, with the assistance of [illegible] he went in and took [illegible] The [illegible] of Aldermen and Council then [illegible] the election of Republican officers, but the [illegible] went into a separate organization at the [illegible] and two sets of offi[illegible] room at the same time. For two or [illegible] days there was great confusion at the City Hall, and the police had to be stationed [illegible] to preserve order and to pre[illegible] fight. On Thursday, the [illegible] stationed men around the Council Chamber, and refused to admit the Democratic [illegible] and disorganizers. The [illegible] branches of the Council [illegible] the basement of the City Hall, where they held a joint convention, and went through the [illegible] of electing a Mayor [illegible] any authority of law, but if Andrew Johnson could appoint a Secretary of War ad interim without any authority of law [illegible] of law, why can't the C[illegible] of the City Council appoint a Mayor ad interim [illegible] are only following the example of their [illegible] thanks to the whisky [illegible] arch of all [illegible] are becoming [illegible] after when they are [illegible] instead of [illegible] they did in 1860, [illegible] fill all the [illegible] ad interim.

MILITARY.

Brevet Major [illegible] McDowell [illegible] a procla[illegible] military [illegible] reported on [illegible] will not return to Oregon, but will [illegible] in command of the 2d military district, in place of Gen. M[illegible] Or, if that [illegible] he will be transfe[illegible] to the [illegible] which was formerly in charge of Gen. [illegible]

THE DEMOCRACY [illegible].

The movement in favor of Chase as the Democratic candidate for Presi[illegible] to be gaining ground every day. The Democrats are in [illegible] tribulation, and are holding [illegible] meetings of the [illegible] all over the [illegible] to consult on what is best for [illegible] to do, but up to the present time they have not [illegible] to nominate a Republican, or [illegible] dent; whether they will [illegible] gold or greenbacks; or [illegible] will be "universal [illegible] government." Only think of it. The [illegible] of the peace loving, abolition [illegible] Democracy, talking [illegible] life long abolit[illegible] and [illegible] negro suffrage for Presid[illegible] in advance of the Union party on this subj[illegible] that they did not consider him [illegible]

PERSONAL.

Dr. Newell, of [illegible] of Oregon, is sto[illegible] porarily.

[illegible]

[From the P[illegible] Post, [illegible]]

Suppose that, contrary to the [illegible] of the [illegible] Radical Black [illegible] who [illegible] fice themselves [illegible] nated for the Presidency by the [illegible] party, what course ought the [illegible] pursue? Ought we to nominate [illegible] to General Grant? Ought we to [illegible] him with being an enemy to his co[illegible] in favor of unjust m[illegible] received said nomination?

We are inclined to believe that [illegible] upon General Grant now [illegible] individual in the United St[illegible] We [illegible] him to be far superior to the [illegible] of the farsighted politicians who have been ruling the nation without bringing [illegible] to one legislation. He is known to all [illegible] as a straightforward man, and so far as can be judged, a man well disposed to deal fairly with the people of all sections of the Union. Certainly if such a man were n[illegible] by the D[illegible] party, we would advocate his [illegible] that his election would conduce to the public welfare. The question is then, if he is no[illegible] by the Republican party, sh[illegible] we [illegible] party, oppose his election?

In the first place, if the people generally believe General Grant to be the man we think he is, no individual in the United St[illegible] stand a corporal's guard [illegible] any plea whatever. In the second place, it would be unjust and very injud[illegible] for our Democratic [illegible] to p[illegible] the D[illegible] party in a false position before the world, by presenting them as enemies or [illegible] Grant.

What better thing can we do in [illegible] Grant's nomination by the Republican party than to vote for him for the Presid[illegible]? Our aim should be to strengthen his hands [illegible] him as much as possible, irrespective of party and to elect him as the President of the people. If unanimously, so much the better.

We solemnly believe that if the people [illegible] ly of the United States [illegible] with real unanimity, on General Grant, in [illegible] to the Presidency, it will be the happiest thing for our country that could possibly occur. The future good effects of this [illegible] almost incalculable. We earnestly ask our Democratic friends everywhere to consider this subject carefully.

John Stuart Mill opposes the abolition of capital punishment on what he terms merciful grounds. What is death? he says. The pain of it and the seriousness of it are greatly exaggerated. One of the members of Parliament, the eccentric Mr. Neate, who has been professor of political economy at Oxford University, was so indignant at the [illegible] of Parliament to continue to hang, that he wanted to have the gallows put up in Parliament yard in the afternoon, just as the members were coming down to their House. He prefers the garrote or the guillotine to the rope, and thinks carbonic acid—which he says the murderer might be allowed to take himself—better than either.

The Burlington (Vt.) *Free Press* remarks: "In digging to lay water pipes on College street, in front of Leavenworth Block, on Thursday, frost was found at the depth of seven feet three inches; whether last winter's frost, or that of the Winter before, or some from China coming through this way, may be matter for scientific discussion."

Independence Day

"THY ANCIENT INDEPENDENCE LET ME SHARE
THOU OF THE LION HEART AND EAGLE EYE"

Fourscore and twelve years ago — we adopt to this occasion the noble words spoken by Abraham Lincoln of the Gettysburg battlefield—"our fathers brought forth upon this continent a new nation conceived in liberty and devoted to the proposition that all men are created equal." It is fit that on each return of this day every citizen should highly resolve that this nation, under God shall have a new birth of freedom, and that government of the people by the people and for the people, shall not perish from the earth. In this spirit we celebrate this Ninety Second Anniversary. May every citizen this day renew his devotion to the principles of the immortal Declaration!

A Dark Age Party

The present Democratic party is an organization which is led, to a greater extent than any other party which ever existed in this country, by cheap demagogues. It is imposed upon by tricks such as Jack Cade played upon his followers, when he vowed that in the first year of his reign there should be a general reformation, that in England seven half-penny loaves should be sold for a penny, that three hooped pots should have ten hoops, that the conduits should run nothing but wine, and there was to be such a profusion of good things that he would make it a felony to drink small beer. The Democratic leaders have improved [illegible] these dazzling promises by telling their followers that in the very first year of the Democratic dispensation they shall all [illegible] work, that the [illegible] mill shall grind until every poor [illegible] shall have an abundance of cash in his [illegible], and that there shall be such good [illegible] generally as were never seen before. And the masses of the party, captivated by the [illegible], shout for the good times coming and vote as they are told, in the full belief that these [illegible] desirable objects are to be [illegible]. They offer no [illegible] against being thus made the dupes [illegible], but suffer themselves to be [illegible] tools as demagogues desire,—[illegible] their reason as well as their principles to the safe-keeping of their leaders.

The [illegible] of this party is found in [illegible] Writ in the band that congregated at the cave of Adullam. At first place "every one that was in debt, and every one that was [illegible] themselves." So the [illegible] in all the discontented [illegible] of the population. We [illegible] in Sallust's *Catiline* that "in every [illegible] are those who envy the good, [illegible], support [illegible] desperate state [illegible], and delight to live in mobs and tumults, since they are the class who have nothing to fear from such convulsions. Whoever in the provinces had lost their patrimony or place in society and were [illegible] found their way to Rome as the common sewer of the Republic." [illegible] it not notorious that in this [illegible] of which the Roman writer gave so graphic a description, invariably [illegible] way into the Democratic party? The [illegible] cities always vote the [illegible]. Were it not for the ignorant [illegible] which forms so vast a multitude [illegible] city of New York, the Democrat[illegible] be utterly unable to contend [illegible] of the country. Without its [illegible] majority in that city, the party could make no pretensions whatever for a national contest. We do not mean to say [illegible] wholly made up of [illegible] but it is notorious that these [illegible] party. Can an [illegible] and marshalled [illegible] be anything else than a [illegible] to the country?

[illegible] Land.

[illegible] in Oregon, and especially in the Wallamet Valley, will ere many [illegible] value. It is very evident [illegible] population increases and means of [illegible] throughout the State good lands must rapidly appreciate. There are two [illegible] which will render this [illegible]. First, the extent of public domain [illegible] to agriculture is rapidly diminishing, and at the rate at which it has been [illegible] will all be disposed of in a very few [illegible]. It may seem somewhat startling, yet it is true, that the Government will not have [illegible] to donate for any great while [illegible]. What with the aid in lands which has been [illegible] to railroad and other corporations, and the rapid settlement of the new States and Territories under the homestead law, the public lands are being rapidly [illegible]. So soon as the time arrives when the Government has no more land suitable for farms to give away, and surplus population can no longer find room upon the public domain, there must be a general rise in the price of lands in all parts of the country. Second, this rise must be greater near the [illegible] than far in the interior, and therefore the best portion of our Oregon lands are so situated that they must necessarily become of great value. The best of lands can now be purchased in this valley at prices ranging from five to ten dollars per acre, and in very desirable localities lands as good as any in the world can still be had for twenty dollars. When lands are so cheap and productive, and the immediate prospects of a State so flattering as those of Oregon there is every reason why persons who desire the comforts and independence of a home should take the opportunity to invest in land. There is not a tract of fertile land from the California line to the Columbia river which will not be valuable within twenty years, and much land can now be had for nothing, under the homestead law, which within that period will rise to incalculable value. As a general rule there is nothing which contributes so much to individual independence, as there is certainly nothing which contributes so largely to general prosperity, as the obtainment of land by individuals with the view of establishing homes. Therefore we say, get land, and rest assured that no investment of this sort at a moderate price can be an injudicious or bad undertaking.

M. E. CONFERENCE.—The Oregon M. E. Conference will convene August 13th, Bishop Scott presiding.

The authorities last night seized two hundred and eight boxes of opium at the shop of Kimball & Clark, shipwrights, on Stuart street. The "organ" promises to support anybody whom the New York Convention may nominate. The Sacramento *Bee*, in noticing a similar declaration by a Copperhead paper in California, says that this means a determination to stand by Satan if he gets the nomination. It makes no difference whether Chase be the nominee on an equal or manhood suffrage platform, or Pendleton on a greenback and white man's Government platform. There is to be no trouble at all about principles. "Democracy" don't care for principle. What they want is success.

Henry J. Raymond, the son of the editor of the *Times*, and now a student at Yale, and one of the editors of the *Yale Literary Gazette*, commenced to write when a young boy, not more than eight years of age. While living in Saratoga he issued a weekly sheet called *The Fireside Piper*, which was printed at the *Times* office, and circulated among his friends and acquaintances. His little sister wrote poems for it. He bids fair to equal his father as a writer.

A. Johnson, the dispatches say, will soon publish an amnesty, to include Jeff Davis and Breckinridge. What a pity he don't hurry it up, so that the New York Convention might have less trouble to find a candidate!

Democratic Hu[illegible]

There is something astonishing in the facetiousness of the Democratic papers of California when they talk about "Useless Grant" and "Hannah Coldfacts." This is the *Examiner's* style. The *Call* is equally brilliant, as is attested by its epigrammatic expression, "Grant's cigar—a fire at one end and a liar at the other." Fine as this is the California humorists must yield to the superior talent of the *Democrat* published at Albany, Oregon. If the wit of the California papers is dazzling, that of the Oregon journal is quite overpowering. Just to show people abroad what high flights Democratic journalism here is capable of, we publish the following from the *Democrat's* columns. Speaking of the probabilities of Grant's return to the Pacific coast that paper says:

No doubt the General would like to get away off here just to take one more good, old fashioned square drunk among his early associates and dearest companions—siwashes and squaws—without being watched by his keepers and kept in stocks by the straight-jacket white sepulchres of his party. How sweet to roam to wander through the verdant valleys and along the margin of the beautiful Wallamet or stately Columbia, leaning in love and confidence upon the arm of his beauteous and sweet scented forest maiden, eating his cricket pie and *clams* at his camas root. (Hiyu muck a muck!) Wouldn't he think it was *hyas kloshe* to again revel in the sunshine of her sweet smile, while she went for the vermin in his head and the whisky in his jug. Keep yearning, General, yearn yet a little while longer—but a few months—and you will be kicked aside by those who will no longer have use for you, and then your longings may be satisfied: then you can fly to your first love who is still patiently waiting and hoping for your coming—live in her smiles, and completely saturate yourself with whisky. Come on, Ulie.

And cheer up, dusky maiden,
Dive for another flea
Your Ulie will soon be home again
His heart is yearning for thee.

Taken all through, the English Abyssinian expedition is a most remarkable event in modern history. Thus, may it be summed up. The boasted descendant of King Solomon, deeming himself as good as any other man on a throne, if not better, offers his hand and what heart he possesses to the Queen of England. The Queen refuses. Theodore becomes very angry, and revenges his disappointment on certain English travelers. England embarks her soldiers, chases Theodore to his mountain fastness, whips his army, drives him to suicide to avoid capture, buries him decently, then the order "'bout face" being given, Abyssinia is deserted bag and baggage by the red coats, and all is over.

Beriah repeated in the "organ" yesterday for the tenth or fifteenth time his objection to General Grant, stating that his whole life has been a failure, that at the age of forty years he had only attained to the dignity of a subordinate clerk in a leather store, etc., etc. This story is becoming about as stale as Beriah's account of what he learned from "Major Dent, General Grant's father in law, and an avowed secessionist." Can't the stockholders of the "organ" get somebody in the editorial chair who is not utterly contemptible for his lack of ideas?

An unwhipped rebel paper publishes an editorial entitled "I'm John Brown's dog, whose dog are you?" A reply seems to be expected from Beriah of the "organ."

VANCOUVER ITEMS.—W[illegible] from the Register. The Vancouver Seminary [illegible] a prosperous [illegible]. The patronage [illegible] the last term was an increase [illegible] over the preceding terms. Rev D W Nichols has had charge of the school from its commencement. During the last term the [illegible] has been [illegible] by Mrs [illegible] Hines. [illegible] Kincher Q M Sargent of this post and with [illegible] genial gentleman returned on Saturday from Fort Boise. George T Hodges Chief Engineer of the V F D left for Victoria Wednesday. Messrs James A Orr, Robert Downing and other Vancouver mechanics left here on Monday last for the Dalles, under engagement with the contractors who have undertaken the erection of a woolen factory there. The work will last all summer. Messrs S I D[illegible] and W S Hatton of this place have sought and found a more direct route to the Yakima Valley than by the way of the Dalles and one presenting less difficulties to stock driving than the one over the Wind River mountains which has been heretofore the only known way [illegible] that via the Dalles. The new route follows the Columbia to the mouth of White River, thence up the east bank of that stream a short distance when it diverges to a due north course to Pleasant Valley the situation of which is known to all who have ever been over the old Dole & McConnell Trail. From the mouth of White River to Pleasant Valley by this trail is but fifteen miles, yet all the difficulties of the old route are avoided. The attention which has lately been attracted to this region by its advantages as a stock grazing country renders additional means of communication necessary and the discovery of this trail at this time may be regarded as quite opportune. We understand that Mr Hatton will leave here shortly for that section with a large band of cattle.

THE OREGON IRON WORKS.—While walking up Front street, yesterday, we observed a beautiful National flag flying gaily from a staff, mounted on the Oregon Iron Works building and supposing that the people up there had already begun to celebrate the national best day in the year we continued our walk in that direction with something of an intention of joining in the festivities. Arrived we found everybody at work and the [illegible] chimney humming hammering and roaring like mad while all around were scattered boilers engines, mill machinery, iron fronts, castings of all sorts, big little and average in all stages of preparation from the sand and still smoking mass just from the moulds, to the planed, turned and polished piece, all ready to be fixed in its proper place in the man-serving machine. Everybody looked, if not positively happy, yet satisfied with the present and confident of the future; in short there was such an air of business and the thrift that attends upon well-directed energy and perseverance as was inspiring to look upon. Inquiring about the flag we learned that it was raised to commemorate an important anniversary in the Co's history—the great fire of July 3d 1867 when its mammoth buildings at the corner of Morrison and Seventh streets with a vast amount of machinery [illegible] were destroyed, entailing a loss of not less than $50,000. The contrast between the 3d of July 1868 and 1867, in the prospects of the institution, is really such as to furnish a substantial reason for rejoicing, not only by the proprietors and attaches but by the whole community with whose industrial interests it is so intimately connected.

CIRCUIT COURT—UPTON JUDGE.—The following were the proceedings in the Circuit Court yesterday

F F Brown vs E Cahalin; motion for a new trial allowed. Page for Plaintiff Logan & Shattuck and E A Cronin for defendant.

J. McHenry vs W Taylor, jury trial, case submitted [illegible], for plaintiff J N Dolph for defendant.

Louis Madl[illegible] vs Wm Ham, et al, motion for a new trial overruled judgment affirmed plaintiff adjudged to pay costs. A L Waite for plaintiff Mitchell, Dolph & Smith for defendants.

L. Besser vs J D Tackleberry; action on two promissory notes; judgment by default Mitchell Dolph & Smith for plaintiff.

J D Tackleberry Geo Ham and Isaac Thomas vs [illegible]; motion for a new trial overruled and judgment affirmed in favor of plaintiff Mitchell Dolph & Smith for plaintiffs and Hill & Mulkey for defendant.

In the case of James Timmons, indicted for burglary, the prosecuting attorney entered *nolle prosequi* there being no immediate prospect of his conviction.

Court adjourned to Wednesday next.

PROGRAMME OF TEMPERANCE CELEBRATION.—We are requested to state that the Committee of Arrangements for the Temperance Celebration at East Portland have concluded to alter the former programme, in order that all who may wish to turn out with the different societies of this city may have an opportunity of doing so. The [illegible] of Good Templars and their friends will form, as stated previously on the bridge at East Portland at 10 o'clock precisely, when they will proceed to the park. Those desiring to remain can engage in such [illegible] as they may select. At 1 o'clock precisely [illegible] will gather [illegible] the speaker's stand, [illegible] the regular order of exercises will be [illegible] as before advertised.

MT. HOOD.—We have before mentioned the return of [illegible] Keith and Thwing, from Mt. Hood, whither the California artist went to obtain a view from which to make a painting. We had the pleasure yesterday of [illegible] the acquaintance of Mr Keith, and we found [illegible] in examining some sketches he had out [illegible] during his trip. He is finishing up a picture of the [illegible] from a view on the Sandy river—a new and fine [illegible] point so far as we can judge. In the course of a few days it will probably be so far perfected as to admit [illegible] exhibition.

THE CITY MARSHALSHIP.—Mr. Jas. H Lappeus, the [illegible] Marshal elect, entered upon his official duties yesterday, notwithstanding the notification of contest by [illegible] Jacobs, the incumbent. Mr Hoffman, the Recorder, [illegible] Mr. Lappeus' right to the office. Mr [illegible], [illegible], retains the keys of the jail, and the books and [illegible] appertaining to the office. The matter will probably go to the Circuit Court for adjudication.

THE RACE YESTERDAY.—The race over Union Course [illegible] day afternoon, was won by Levi Knott's "Pegging [illegible]," the [illegible] horse being "Dutcher Boy," entered [illegible] Smith. The race was a single dash of one mile the first horse to take the purse of [illegible] and the [illegible] the gate money. But 2 horses ran. There [illegible] crowd of spectators, and [illegible] interest in the race was manifested.

A [illegible] ACCIDENT.—On Thursday evening, Mr [illegible] little boy, aged [illegible] five years, fell [illegible] a hole in the planking of the bridge, on the base [illegible] over the deep ravine, near East Portland. He [illegible] of near forty feet, alighting upon hard [illegible] ground, though no bones were broken, Dr Mack, [illegible] thinks the internal injuries will probably result fatally.

[illegible] OMISSION.—From the annual report of the [illegible] of the Fire Department, published yesterday morning, the following paragraph, under the head of [illegible], was accidentally omitted:

"*Multnomah Engine Co's House.*—This needs paint [illegible] and the lower story, on the inside. The [illegible] story is now being repaired. Some repairs are [illegible] on the bell tower."

DEPUTY MARSHALS APPOINTED.—Upon assuming the office of Marshal yesterday Mr Lappeus appointed Mr [illegible] and Mr. Wm Tennent as Deputy Marshals. The old special deputies—Messrs A B Brannan, James Bothwell, Philip Saunders and H M Hudson—were re-appointed, and the several deputies approved by the Mayor.

[illegible] CONVENTION OF GOOD TEMPLARS.—A convention of Good Templars composed of delegates from ten lodges in the district of Multnomah and Clackamas [illegible] has been in session in this city since Thursday afternoon till last evening when it adjourned *sine die*. The convention was summoned for the good of the order.

A MUSICAL TREAT.—The Aurora Brass Band arrived in this city yesterday and in the evening, from the balcony of the American Exchange Hotel, treated our people to a number of airs in that sweet and artistic style for which the band is so noted. Several hundred people collected in the street in front, attentive and delighted listeners.

DRINK FOR THE MULTITUDE.—Mr. C H Myers under the direction of the Committee of Arrangements tapped the water main yesterday at the juncture of Morrison and Ninth streets for the purpose of furnishing water to the multitudes expected to assemble there during the day and evening. A very sensible arrangement.

[illegible] We are requested to state that the procession will be formed this morning at [illegible] and will move precisely at half past ten [illegible] intending to take place in it should be on hand [illegible] to avoid delay and confusion.

[illegible].—The money for the Atkins' cork leg continues to come, but much too slowly. We received yesterday $2 from the Cascades from an unknown donor who says that that amount is about one per cent of all his [illegible] possessions.

VISITORS.—For the last two or three days considerable [illegible] of people have been arriving at this city from [illegible] up the Willamette and Columbia rivers, where no celebrations are to be held, to attend ours. We give them welcome.

A NEW DANCING CLASS.—Next Thursday evening, Prof McCoon will organize a dancing class for beginners. The [illegible] with which Mr McCoon has heretofore met in [illegible] will no doubt serve him well in forming his new class.

MILITARY.—During the last week Gen W L Elliott arrived from Owyhee and assumed command at Fort Vancouver. Since his advent in the Snake country, he has done good service in the way of making "good Indians."

COUNTY COURT.—The July term of the County Court will open on Monday next Judge Marquam presiding. The new Commissioners will assume their official functions on the same day.

BOND FILED.—Mr B L Norden, County Clerk elect filed his official bond with the Clerk yesterday in the sum of $10,000, with L White, I Friedman and L [illegible] as sureties.

OREGON PRODUCTS.—The following were the receipts, yesterday 940 qr sks flour [illegible] bags wheat, 85 sks oats, [illegible] bales wool 25 hlf bbls dried fruit 17 cases bacon and [illegible] cases butter.

Hudson Bay Company

The Canadian News, a London publication devoted to colonial interests announces the election of the Earl of Kimberley as Governor of the Hudson Bay Company for the vacancy caused by the death of Sir Edmund Head and mentions the depression of the £20 shares to £14 as due to "the prevailing uncertainty in regard to the future disposal of the territory of Rupert's Land." The News adds in this connection

We read of the population being in a state of chronic discontent at their present position and of the company's rule not only being set at defiance, but an idea of an independent character being established in its place in the neighborhood of Red River. We read also of resolutions in the Senate of the United States favoring the acquisition of Vancouver Island and British Columbia as well as of Rupert's Land by the United States of America on the one hand, and on the other hand of a desire on the part of the Legislature of British Columbia to join the Canadian confederation, on condition of its embracing Rupert's Land and opening up an overland communication through the plains of the Saskatchewan.

WILLIAM KOEHLER,
DENTIST.

OFFICE AND RESIDENCE—Southwest corner Front and Yamhill Streets opposite E J Northrup & Co's Hardware Store.

I am now making, amongst numerous other styles of ARTIFICIAL TEETH, the improved Vulcanite Plates of Dr G W Cool's Patent, patented Dec 3, 1867, the improvement of which consists in lining the entire concave surface with fine gold. It not only makes the plate double as strong and cleanlier than the common Vulcanite Plate. It also can by it be made considerably thinner and lighter, whereas the price is but little above that for common plates. Call and see specimens.

N B.—Dentists wishing to secure the office right for Dr G W Cool's Improved Vulcanite Plates can have it made out to them by applying to this office.

N B.—To strangers I would say that a constantly increasing Dental Practice for the last five years in this city will be a sufficient guarantee for them to receive a First-Class and Finished Piece of Work. Numerous testimonials to the same can be given at the office.

HOSTETTER'S
CELEBRATED STOMACH BITTERS!
A Pure and Powerful Tonic,
Corrective and Alterative, of wonderful efficacy in Disease of the
STOMACH, LIVER AND BOWELS.
PROTECTIVE PROPERTIES.

Prevents Fever and Ague and Billious Remittent Fevers; Fortifies the System against Miasma and the evil effects of unwholesome water; Invigorates the [illegible] and the Bowels;
Steadies the Nerves and tends to Prolong Life.

REMEDIAL PROPERTIES.

Cures Dyspepsia, Liver Complaint, Sick and Nervous Headache, General Debility, Nervousness, Depression of Spirits, Constipation, Colic, Intermittent Fevers, Sea Sickness, Cramps and Spasms, and all complaints of either sex arising from Bodily Weakness, whether inherent in the system or
PRODUCED BY SPECIAL CAUSES.

NOTHING THAT IS NOT WHOLESOME, GENIAL, and restorative in its nature enters into the composition of HOSTETTER'S STOMACH BITTERS. This popular preparation contains no mineral of any kind, no deadly botanical element no fiery excitant, but it is a combination of the extracts of rare balsamic herbs and plants with the purest and mildest of all diffusive stimulants.

The weak stomach is rapidly invigorated, and the appetite restored by this Tonic, and hence it works wonders in cases of Dyspepsia and in less confirmed forms of Indigestion. Acting as a gentle and painless aperient, as well as upon the liver it also invariably relieves the Constipation superinduced by irregular action of the digestive and secretive organs.

Persons of feeble habit liable to Nervous Attacks, Lowness of Spirits and Fits of Languor, find prompt and permanent relief from the Bitters. The testimony on this point is conclusive and from both sexes.

As a Genuine Tonic HOSTETTER'S BITTERS produce effects which must be experienced or witnessed before they can be fully appreciated. In cases of Constitutional Weakness Premature Decay and Debility and Decrepitude arising from old age it exercises the electric influence. In the convalescent stages of all diseases it operates as a delightful invigorant. When the powers of nature are relaxed it operates to re-enforce and re-establish them.

Last but not least it is the only safe stimulant, being manufactured from sound and innocuous materials, and entirely free from the acrid elements present more or less in all the ordinary tonics and stomachics of the day.

FINANCE AND COMMERCE.

WEEKLY REVIEW

PORTLAND, July 3, 1868.

At New York, July 1st, gold was 140¾.

Legal Tenders at San Francisco, quoted July 1st at 71¼, buying, and 71¾ selling.

New York telegrams quote Pacific Coast wheat $2 55@$2 66; flour, $10 15@$12 50. Wool quoted at 13@36.

San Francisco—Oregon brands, extra flour $6, $6 50@$7 00. Wheat, quotable at $2 10@2 25 for fair to choice, oats, Jobbing at $2 25@$2 40; sales of Oregon on private terms.

Local produce market extremely dull; prices nominal. The exports of the first half of the year, however, compare favorably with those of last year, when prices were higher. The following table shows the exports of 1867 and 1868, of wheat and flour—the former, bags of an average of 120 lbs., the latter, quarter sacks:

	1867. Flour	Wheat	1867 Flour	Wheat
Jan	24,919	3,160	22,613	7,028
Feb	51,123	598	47,475	4,216
March	25,981	——	53,064	7,376
April	40,291	201	138,112	21,127
May	47,294	6,809	83,242	17,5[illegible]
June	40,311	1,979	39,046	2,7[illegible]
Totals	270,313	11,896	384,052	57,482

The stocks on hand in city warehouses are very small. In the interior there are probably about 10,000 centals of of the old crop of wheat, beyond the supplies needed for consumption before the coming in of the new crop. The crop of 1868 will be much larger than the last one.

In the merchandise market there is little to note, beyond a quiet week in dry goods and hardware, and a fair week's trade in groceries. All prices remain without material change. Retail trade in fancy goods, in anticipation of the festivities of the National anniversary, has been rather active.

We quote the following San Francisco prices from the *Times'* commercial report of June 30th.

Bran—Receipts from Oregon are light, and the small local supply is inadequate to the demand. The mills are jobbing at $30. Round lots command $27@27 50 ₱ ton.

Middlings are in demand. Receipts from Oregon are very light, and full figures are commanded. Feed is quotable at $37 50@$38 50; fine at $40@45.

Beans—Jobbing rates continue firm, with an upward [illegible]—now quotable as follows: Small Whites, 8c; Bayo 5c; Butter 6½c; Pinks 4c; Red 3c. Sale of 150 sks Butter, 6½c.

Dairy Produce—Butter—The market is well stocked with Fresh Roll, and prices tend downward. We quote at 30@35c. Firkin is still in small supply at unchanged figures. The [illegible] which left New York yesterday has 1600 firkins.

Cheese—[illegible] are full but not in excess. Quotations are firm at [illegible] for California; Clear Lake do, 18c; choice [illegible], 17@19c. A fair up country demand continues.

Eggs—Are [illegible] and [illegible]. Jobbing at 37½@40c.

Hay—[illegible] free arrivals prices are tending downward. Old [illegible] from $10@14, and is of inferior quality. New [illegible] $11@13 50. Sales include 75 tons good New, $13 50.

Hides—The [illegible] firmly. The market is quotable at [illegible] and 13½@14½c for Mexican [illegible].

Provisions—[illegible] up country demand falling off. [illegible] Oregon, 11½@13c; Cross' [illegible], 15½c.

Hams—California [illegible] Cured, 16@17c; Oregon, fair, 14@15c.

Lard—California Choice Clear Leaf, 14c in 10-lb tins and 14½c in 5-lb tins.

Tallow—Dull at 7½c for beef and mutton; sales include [illegible] tons at 7½c.

Wool—The market is in good supply at reduced quotations. New Mission range from $1@1 20.

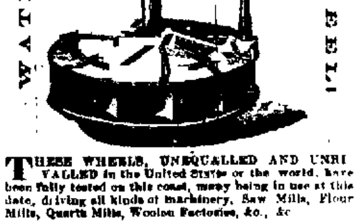
AMERICAN DOUBLE TURBINE



THESE WHEELS, UNEQUALLED AND UNRIVALLED in the United States or the world, have been fully tested on this coast, many being in use at this date, driving all kinds of machinery, Saw Mills, Flour Mills, Quartz Mills, Woolen Factories, &c., &c.

CAUTION.

To all whom it may concern: I hereby give notice that the so-called "Shipley's Pacific Turbine Water Wheel" is a direct infringement and copy of the "James Leffel's American Double Turbine Water Wheel," and its manufacture and use is hereby prohibited. Any person or persons making, using, constructing or vending said Water Wheels make themselves liable to heavy da[mages] and penalties. Parties interested will take notice, for I shall prosecute said infringements to the utmost extent of the law.

That all may know I mean what I say, and am not playing "bluff," I give the following extract from a legal opinion on this subject from one of the most eminent Patent Attorneys in the United States.

WASHINGTON, D. C., April 17, 1868.

"MR. A. MYERS—In accordance with your request, we have examined the patents of Shipley on Water Wheels, and are clearly of the opinion that they both infringe the Leffel's patents. In both of Shipley's Wheels he uses the upper and lower tiers of buckets precisely as Leffel does, and in this he clearly infringes. The fact that Shipley has applied another series of buckets in addition to those used by Leffel, does not relieve him from the consequences of infringement at all. He has no right to use those two tiers of buckets, whether alone or with a third, or any other number of tiers added. It is a clear infringement. Respectfully yours,

DODGE & MUNN

I hereby give notice that I will prosecute every infringement on our Patents, whether it is the maker, user, buyer or seller. Every infringement, whether our claims are used in whole or in part, will be prosecuted.

A. MYERS.

H. W. SHIPLEY'S PACIFIC TURBINE WATER WHEEL.

THESE WHEELS EXCEL ANY OTHER WHEEL in use, and are no infringement on the Leffel American Turbine, but excel it in every particular.

CAUTION.

To all whom it may concern:—One A. Myers is publishing and circulating a statement that my wheel is an infringement of the Leffel wheel and he will "prosecute said infringement to the utmost extent of the law." His statements are not worth a denial. His game is "Bluff," which, if he would only take the case to Court would soon be played out. Don't believe him!

I would be glad to get a case into the United States Court and get a decision. That would forever stop the mouth of Myers and his misrepresentations. The legal opinions of more reputable lawyers than Dodge & Munn and A. Myers have pronounced my patents no infringement on the American Turbine. H. W. SHIPLEY

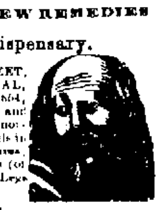
TO THE UNFORTUNATE.

NEW REMEDIES, NEW REMEDIES

Dr. Gibbon's Dispensary.



616 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhea, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system! Look at their pallid, emaciated and disfigured faces and their broken-down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of these horrible life-destroying maladies—see that they are cured for and cured before it be too late. Send them immediately to Doctor Gibbon, a physician who has made private disease his especial study for years, and who is certain to cure the most inveterate case without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry, or you may fall into the hands of those charlatans.

Seminal Weakness.

Seminal Emissions the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practised by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

MARRIED MEN,

Or those who contemplate marriage, who are suffering under any of these fearful maladies, should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief.

DOCTOR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure, or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use, for Ten Dollars, sent in registered letter or through Wells, Fargo & Co.

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders, who, with bogus sworn to certificates, dupe the unwary. Some of the self styled doctors, whose names are to be found in the daily and weekly newspapers of San Francisco and other places, are tradesmen, and became too lazy to work at their trades. Some are tinsmiths, shoemakers, newspaper carriers, intelligence office keepers, etc. Look over the San Francisco Directory, and you will not find their Medical Institutes in it, but you will find their former occupations in it. Look at the Directory for 1862 and 1863. The only way to avoid imposition is to make enquiry—it will cost you nothing, and may save you many regrets; for, as advertising physicians, in eight cases out of ten, are bogus, there is no safety in trusting any of them until you know who and what they are. Dr. Gibbon does not deceive people by exhibiting bogus titles, certificates, pretended patient's letters, etc. Dr. Gibbon will satisfy persons who may call at his office of his ability to treat diseases that he professes to cure.

Address DR. J. F. GIBBON, 616 Kearney street, corner Commercial, San Francisco. Post Office Box 252.

REMEMBER TO PUT BOX 252 ON THE LETTER.

Consultations FREE.

Correspondents will please inform DR. GIBBON that they read his advertisement in the *Daily Oregonian*
